Product designer
New products, AI & design systems

Experience

Sitecore
Product designer ∘ Aug 2024 – Present

Joined as dedicated AI designer before expanding scope to refine product design for SitecoreAI, lead design system architecture, and guide cross-functional AI enablement

> Designed **Sitecore Agentic Studio** and **AI innovation labs**
> Led the rebuilding of the **Blok design system**. From defining architecture to building a team and driving adoption through advocacy and a community of practice
> Unified our product offering by designing the merge of our **CDP**, **DAM** and **search** capabilities inside of SitecoreAI
> Owned AI-enablement across design and collaborated with product leaders on zero-to-one initiatives from ideation through execution through townhalls, workshops and tooling POCs

Education

Leadership, Innovation & Technology (Part-time) - TU Dublin
Masters of Science (MSc) ∘ Aug 2026 – Present

Interaction Design - NCAD, Dublin
Bachelor of Arts (BA) ∘ Aug 2020 – Jun 2024

AI Applications - CCT, Dublin
Postgraduate Higher Diploma (H.Dip) ∘ Jun 2022 – Apr 2023

CPD

Sitecore Top100 Programme
Personal mentoring by Sitecore executives

Building my own applications
I have built, released, and generated revenue from a couple of products
